Complete matching
After restoring light effect

Back Switch Indicator

Left: Windows(built-in power on)

Medium: Default Windows (built-in power off)

Right: Mac (built-in power on)

Bluetooth Pairing

After turning on the keyboard, press Fn+E/R/T to enter Bluetooth mode. Press and hold the Fn+E/R/T combination key for 3 seconds to put the keyboard in pairing mode, with the blue indicator light flashing quickly.

After successful pairing, the keyboard will enter a low-power sleep mode after being idle for 2 minutes. The keyboard will enter the hibernate state 15 minutes after entering the low-power sleep mode.

2.4G Pairing

After turning on the keyboard, press Fn+Y to enter 2.4G mode. Then press and hold the Fn+Y combination key for 3 seconds to enter pairing mode. Then insert the receiver, and the indicator light will flash quickly. After successful pairing, the keyboard will enter a low-power sleep mode after being idle for 2 minutes.

The keyboard will enter the hibernate state 15 minutes after entering the low-power sleep mode.

Battery Level Check

Press the Fn + Space combination keys to check the battery level. If the battery level is below 30%, the space key will show a red light. If it's between 30-50%, the space key will show an orange light. If it's between 50-70%, the space key will show a purple light. If it's between 70-90%, the space key will show a yellow light. If it's 90-100%, the space key will show a green light.

Key/Lighting Effects Customization Instruction

1. The driver can be connected and lighting and key can be customized under the three working modes of the keyboard
2. The three working modes of the keyboard can be matched to drive the music rhythm
3. Please download the Akko Cloud driver on our website
4. Users can download the driver via en.akkogear.com

AKKO Warranty and Service Statement

1. Akko provides One-Year warranty for customers in mainland China. For other regions, please contact your seller (Akko distributor) for specific warranty policy.
2. If the warranty window expires, customers need to pay for repairs. Akko will also provide instructions if users prefer to repair the keyboard by themselves. However, users shall take full responsibility for any loss happened during self-repair.
3. Disassembling the keyboard without manufacturer/seller's instruction will immediately void the warranty.
4. The return and warranty policy may vary in different platforms and are subject to the specific distributor at the time of purchase.
